

**Amendments to the Claims**

This listing of the claims will replace all prior versions and listing of claims in this application.

**Listing of Claims**

1. (Original) Tablets comprising:  
from 20 to 45% by weight enrofloxacin  
from 18 to 35% by weight of lactose  
from 5 to 10% by weight microcrystalline cellulose, and  
from 5 to 20% by weight of meat flavour.
2. (Withdrawn) Process for producing tablets according to Claim 1, in which
  - a. Enrofloxacin, lactose, where appropriate meat flavour and also, where appropriate, additional adjuvants are mixed,
  - b. The mixture is granulated in the added presence of water or aqueous solutions of additional adjuvants,
  - c. This mixture is dried,
  - d. After drying, microcrystalline cellulose and, where appropriate, additional adjuvants and also meat flavour, provided this was not added in step (a), are admixed,
  - e. And the mixture is subsequently pressed into tablets.
